## WHO IS CMP?

CMP is a leader in products for the recreational pool and spa industry. Innovative products from CMP include sanitizer systems, white goods, LED lighting, water features and accessories. Since 2017, CMP has sought out and acquired some of the best technology and talent for commercial water products. By continuing to bring these capabilities together under one roof, CMP is committed to opening new doors and new solutions for Commercial Pools, Aquatics and Animal Life Support Systems.

### EVERYTHING MATTERS

Two friends in a college dorm room founded Custom Molded Products with one simple idea: "Take care of our customers and they will take care of us." This has proven to be a very good business model for CMP.

We are committed to paying attention to those things that make a difference in the end. Our core values drive us as a company to strive for excellence. We choose to pay attention to the small things, because the difference is in the details. And we believe that when the difference is in the details, *everything matters.*

### AWARD WINNING

CMP has received multiple awards for products, supply and customer service. In 2018 CMP received Vendor of the Year honors from the major organizations, including the worlds largest supplier of products for pools and spas.
